

MSVPAC MID-YEAR REPORT

What is MSVPAC?

MSV Advocacy is about unifying physicians and raising a collective voice to be heard on vital issues affecting the everyday practice of medicine. Advocacy is about protecting your profession and engaging in activities and programs that ensure Virginia is the best place to practice medicine and receive care. At the center of our Advocacy program is the Political Action Committee (MSVPAC.) By pooling together resources, we continue to have a strong presence at the General Assembly and stand out among other powerful interests. MSVPAC is your strongest voice at the state level and your support ensures we have the resources necessary to support lawmakers – the ones working with us to advocate for and raise awareness of medicine’s key priorities.

MSVPAC is entirely supported by physicians, physician-assistants, medical students, and physician-owned practices.

Fundraising totals for the first half of 2017

As you can see, physicians must redouble their efforts to build a strong MSVPAC and retain an effective voice throughout the year.

Your donation is critical to our success.
