## **Healthcare Coordination Committee & PPE Supply Update**

Medical Society of Virginia Webinar

May 1, 2020

# COVID-19 Organizational Chart

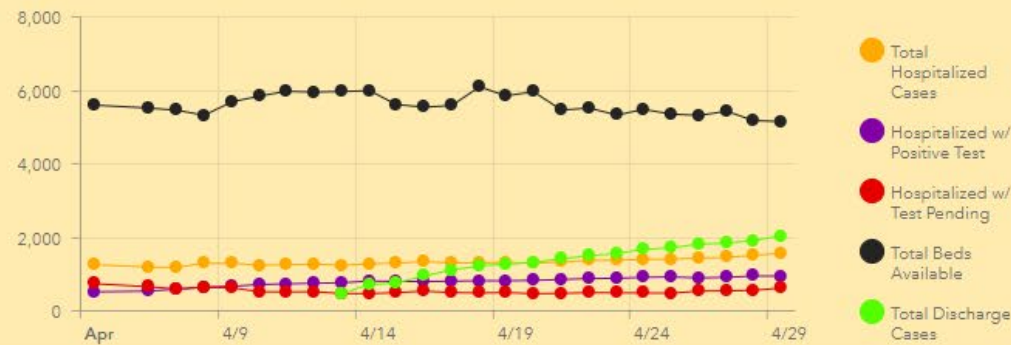

# ESF-8 Public Health & Medical Updates

- Governor Northam today announced on April 29<sup>th</sup> that [Order of Public Health Emergency Two](#) will be allowed to expire at midnight on Thursday April 30<sup>th</sup>. This Order directed all inpatient and outpatient surgical hospitals licensed under 12 VAC 5-410, freestanding endoscopy centers, physicians' offices, and dental, orthodontic, and endodontic offices in the Commonwealth to stop performing elective surgeries or procedures to help conserve supplies of personal protective equipment (PPE).
- Governor Northam has issued [Executive Order Sixty](#), which reinforces certain existing statutory liability protections for Virginia healthcare workers. Virginia's code offers protections for healthcare workers and first responders in cases of emergency. This order clarifies that these statutes protect healthcare workers operating during the COVID-19 crisis. Nothing in this order prevents liability in the case of gross negligence or willful misconduct.

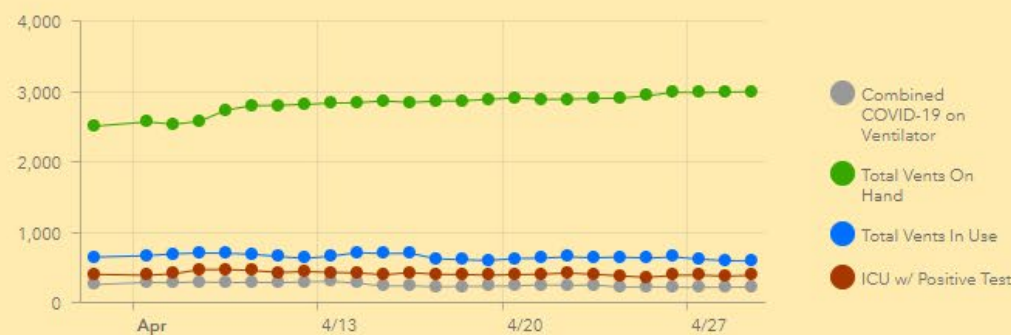

# VHHA COVID-19 Dashboard

VHHA Reporting in the Last 24 Hours \*VHHA Public Website (Data Updated ~9:30 am Daily)

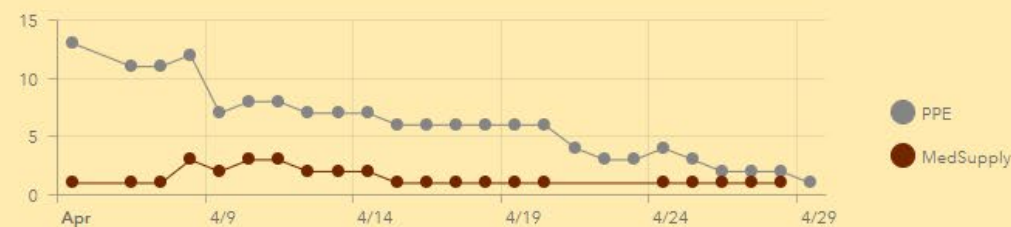

Hospitalized Cases (Confirmed & Pending) & Bed Counts Over Time

Ventilators & ICU Cases Over Time

Hospitals with Supply Difficulty in the Next 72 Hrs

Updated: 4/29/2020, 8:19 AM

Total Hospitalized Cases	Total Discharge Cases	Total Ventilators In Use	Total Ventilators On Hand	Percent of Total Ventilators In Use
1,566	2,042	589	2,997	20%
Total Beds Available				
Hospitalized with Positive Test	Hospitalized with Test Pending	5,152		
ICU with Positive Test	Combined COVID-19 Patients on Ventilator	Hospitals with PPE Difficulty in Next 72 Hours	Hospitals with MedSupply Difficulty in Next 72 Hours	
387	222	1	No Data Provided

# COVID-19 Healthcare Coordination

## Update - PPE

- A PPE Advisory Group initiated on 4/27/2020 to help inform the allocation strategy of state/federally purchased Personal Protective Equipment (PPE) supply across the Commonwealth.
  - Healthcare Coalitions will provide for hospitals, nursing homes, dialysis centers
  - Local Health Departments will provide PPEs to community providers (medical, dental and ancillary). PPEs will be prioritized for COVID19 outbreak response, testing, and offered to healthcare workers directly involved in COVID19 response.
  - Department of Social Services will provide for Assisted Living Facilities
  - Local Emergency Management Officials will provide first responders including EMS, and all other non-healthcare governmental entities.
  - Department of Corrections will provide for their facilities.

# COVID-19 Healthcare Coordination

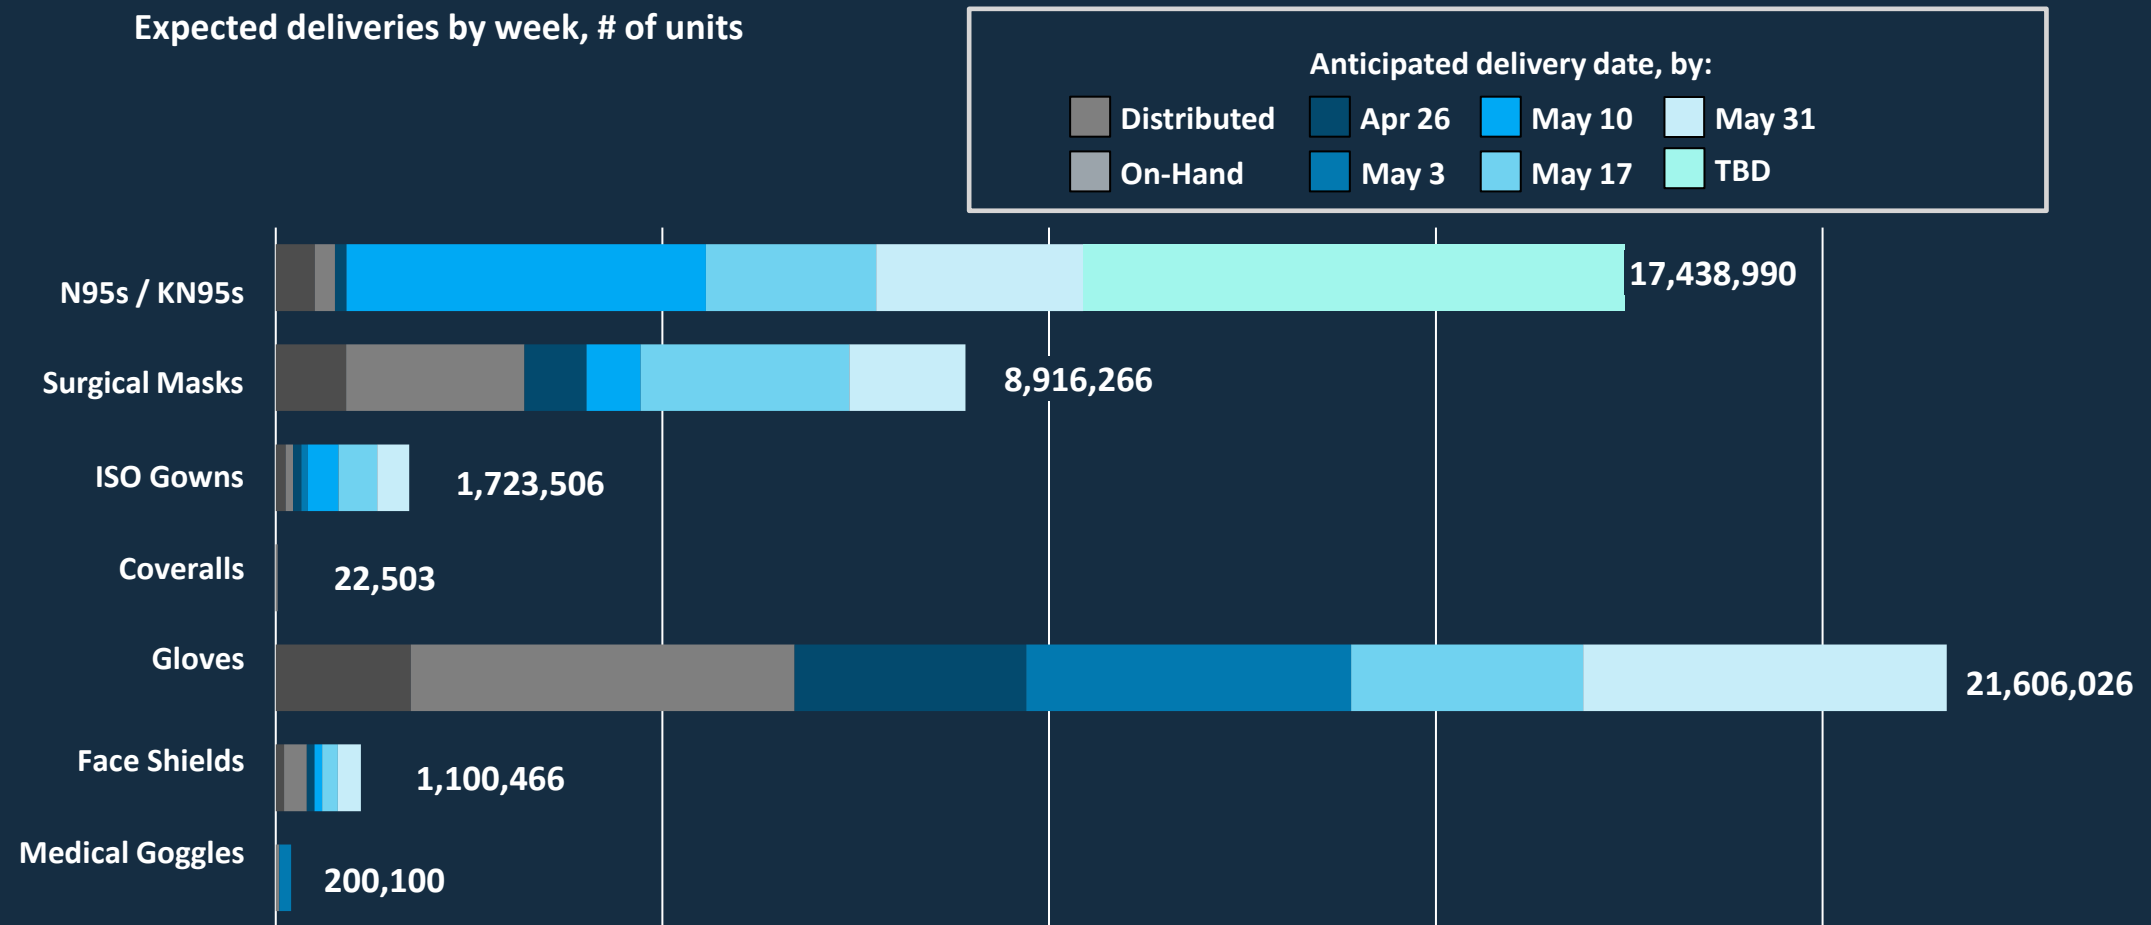

## Update - PPE

- Healthcare professionals in need of PPEs should identify private sources from which to acquire PPE. Visit the links below for lists of vendors provided by the Virginia Department of General Services:
  - <https://eva.virginia.gov/eva-emergency-notices.html>
  - <https://dgs.virginia.gov/procurement/resources/eva-emergency-vendor-list/>
- It is expected that entities requesting PPE have exhausted all efforts to privately procure PPE before contacting VDH for assistance.

## VEST PPE Estimate

Expected deliveries by week, # of units

- Decon and reuse PPE (masks): 3x Battelle Decontamination Systems on order; locations are Blacksburg, Hampton Roads, and Richmond; system in DC is operational, establishing agreement for use;
- Expanding Virginia Industry: continuing work to identify potential opportunities then connecting manufacturers to GenEdge, VEDP, and others.
- Dept of Corrections: VCE apparel plants manufactured 437,454 facial coverings, metal group is making face shields (already completed 2000)

### Gaps to Address

- PPE Priority: incorporating additional services/jobs into existing PPE prioritization (assisted living centers, childcare/social services, etc)
- PPE Use Reporting: refine and enrich PPE use *daily reporting*, include burn rate to predict needs

### Locality/State/WebEOC Requests:

- N95 Masks: 5,882,738 (+15,600)
- Surgical Masks: 7,513,241 (+33,000)
  - Coveralls: 291,668 (+100)
  - Gowns: 2,443,628 (+19,550)
  - Gloves: 9,772,825 (+460)
  - Goggles: 295,210 (+600)
- Face Shields: 901,857 (+3,360)

❖ *Changes since April 23.*
